

ដំណឹង News From the Ends of the Earth

September 2026, Abbotsford, CANADA

Normally, when we come to Canada for Home Assignment, we stay for four months. However, this time it is different. David will not be going back to Cambodia as a paid International Worker anymore. He is going to be retired on January first of 2027. Patti will be returning to Cambodia to serve another term with the Alliance in Canada. The plan is that we will both go there, but David will come back to Canada after almost six months. We realize you dear friends and family may have questions about how we will manage, and we will be happy to answer if you email us. We haven't been in Canada for Autumn in a while so we are looking forward to experiencing it.

The news from the Student Residence & Discipling Centre is good. Mary is doing a fantastic job even though her family has quite a few medical problems. At the latest Outreach Event she brought the devotional. Please pray for mercy from God as it concerns Mary's mom and dad. Several of the residents are going into final exams. Pray that they will have adequate time to study, and then good recollection when given their tests at university.

Turnup Teuk church, where we attend in Phnom Penh is dealing with

another death of one in the congregation. They are a tight knit group so many are affected. Pray for them as they grieve for this "uncle".

We are five months into our Home Assignment. It has been a whirlwind of activities, but we thank God for the opportunity to connect with so many of you. Our goal is for those who hear our presentation to be burdened for the lost. We are hoping to influence two couples who would want to become career International Workers with the Alliance. Pray that we will find

support for Patti when she returns to Cambodia after David retires at the end of this year. Her Mobilization work with the Cambodia National Church is crucial to them reaching the rest of the country with the Good News.

One of the young ladies from the SR&DC has decided to become an intern staff at SoNoKo, our partner organization. Srey Dao is a Kui tribeswoman who studied Geography at Royal University of Phnom Penh. She will be assisting the team of young people who give testimonies, and lead Bible studies on the campuses of three of Cambodia's largest universities.

When Patti returns to Cambodia, she will have other duties that will require additional funding. Please consider supporting her work as well as the SR&DC. Follow this link: <https://thealliancecanada.ca/gift/195> if you would like to donate to these ministries. You may also designate your gift at any Alliance church in Canada. You will get a tax receipt no matter which way you chose.

Serving Christ in Cambodia with The Alliance in Canada,

David & Patti Ens
